PROFESSIONAL EXPERIENCE

Logistics Coordinator II
2025 - Present

Allen Lund Company

- Coordinate customers, carriers, brokers and changing service requirements; resolve scheduling and service issues.
- Develop AI-assisted workflows for analysis, communication and administrative efficiency.

Manufacturing Operations Manager / Project Lead
2018 - 2025

AmplifiedAg

- Led daily work of 7 builders and 5 electricians while coordinating engineering, software, farm operations and production.
- Improved throughput approximately 500%, from one hydroponic system every two weeks to as many as three per week; reduced manufacturing costs approximately 20%.
- Created SOPs, BOMs, onboarding materials, visual work instructions and a centralized operational knowledge system; supported 200+ system deployments.
- Collaborated with developers and DevOps on software implementation, operational settings and troubleshooting.

Restaurant & Business Operations Leadership
27-Year Career

Hospitality and entrepreneurial roles

- Progressed from frontline work to Chef, Kitchen Manager, General Manager and Owner/Operator; led approximately 30 staff and 3 managers.
- Managed P&L responsibilities, training, scheduling, purchasing, vendors, customer service, marketing and events; reduced food costs from over 40% to approximately 36% and increased catering revenue 15-20%.
